PROFILE

UI/UX and Product Designer with 3+ years of experience crafting intuitive, user-centric digital interfaces across mobile and web. Experienced in the full design lifecycle — from research and wireframing through to high-fidelity prototypes and developer handoff. Bridges design and front-end development (HTML/CSS/JS) to ensure ideas are both creative and technically feasible. Available for fully remote opportunities with European teams.

PROFESSIONAL EXPERIENCE

UI/UX Designer — Telvida International Systems

Aug 2024 – Present

- Led end-to-end UX design for DroMobile, an MVNO app featuring CRM, digital signature, invoicing, and closed user group (CUG) tools.
- Collaborated with cross-functional teams (product, engineering) to deliver consistent, accessible interfaces across iOS and Android.
- Defined interaction patterns and maintained a component library to ensure design consistency at scale.

User Experience Designer — Moon X

Jun 2024 – Sep 2024

- Designed intuitive interfaces for a decentralised Web3 e-learning platform on the Mand network, where users earn rewards while learning.
- Worked closely with developers to translate design concepts into production-ready screens during the active development cycle.

Product Designer — Swifdrop

Nov 2023 – Jun 2024

- Owned the user-centred design for Swifdrop, a food delivery app connecting customers to restaurants while enabling delivery opportunities.
- Delivered a product now live on both Google Play Store and Apple App Store.

Product Designer — Seamless Travels

Sep 2023 – Nov 2023

- Developed interactive prototypes to present design concepts to stakeholders, gathering feedback to drive iterative improvements.

Freelance UI/UX Designer — Upwork

Jan 2022 – Oct 2023

- Designed and delivered user-centred web and mobile applications for international clients across diverse industries.
- Produced wireframes, prototypes, and high-fidelity mockups primarily in Figma; ensured seamless developer handoff.
